SEWING TECHNIQUES

All seams should be sewn with a ¼" seam allowance unless stated otherwise. Sew with RST unless stated otherwise. Refer to the quilt layout diagram for placement of the prints. Press seams as desired unless stated otherwise. Dimensions listed in steps are unfinished sizes unless stated otherwise. Please refer to the following general sewing techniques as these methods are referenced throughout the pattern in their abbreviated form.

4-AT-A-TIME FLYING GEESE (FG)

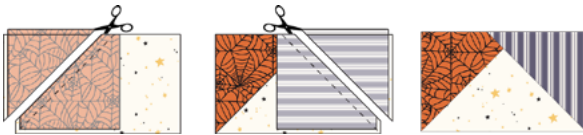

Take (1) large square and (4) smaller squares. Draw a diagonal line from corner to corner on the wrong side of each of the smaller squares. Place (2) smaller squares, RST, diagonally on the larger square, matching raw edges in the corners. The smaller squares will overlap and the diagonal lines should form one long line. Sew ¼" on each side of the drawn line. Cut on the drawn line. Flip the smaller triangles away from the bottom triangle and press. Take (1) subunit just created and place (1) small square, RST, on the larger square, matching raw edges in the corner. Sew ¼" on each side of the drawn line. Cut on the drawn line. Repeat with the remaining subunit and small square. Press and trim to the desired size.

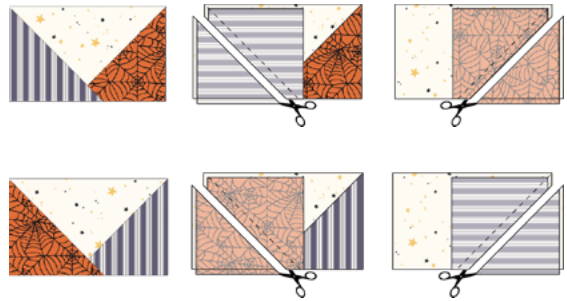

BAT WING QUILT

STITCH AND FLIP FLYING GEESE (SNF-FG)

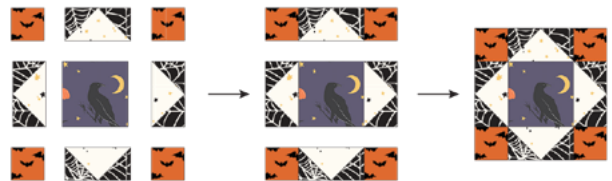

Draw a diagonal line, corner to corner, on the wrong side of (2) squares. Place (1) square in the left corner of (1) rectangle, RST, matching raw edges in the corner to be replaced. Stitch on the drawn line. Trim the seam allowance above the sewn line to $\frac{1}{4}$ ". Flip the small piece away from the bottom piece and press, replacing the corner. Repeat with the second square on the opposite side of the rectangle. The size of the original rectangle does not change.

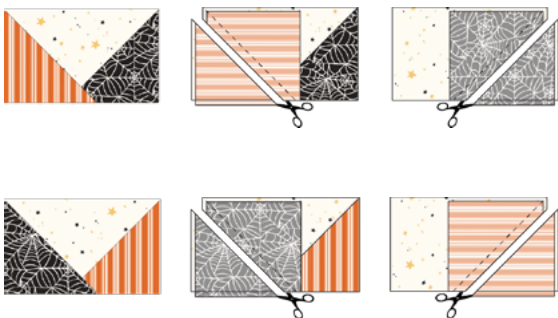

- Gather (120) F squares, (120) J squares, and (120) M rectangles. Using the SNF-FG method, make (120) F/J/M FG Units, sewing (60) FG Units with the J square on the left side and (60) FG Units with the J square on the right side. Pay attention to the placement of the F square, so that the stripes are all facing the same direction.

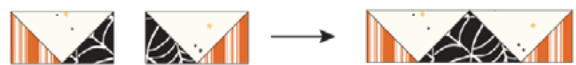

- Arrange (4) C squares, (1) E square, and (4) G/L FG in (3) rows of (3) as shown. Sew together to form rows, then press. Sew the (3) rows together, then press. This center unit should measure $8\frac{1}{2}" \times 8\frac{1}{2}"$.

- Gather (60) G squares and (15) L squares. Using the FG method, make (60) G/L FG Units. Trim each G/L FG to $2\frac{1}{2}" \times 4\frac{1}{2}"$.
- Gather (60) I squares and (15) L squares. Using the FG method, make (60) I/L FG Units. Trim each I/L FG to $2\frac{1}{2}" \times 4\frac{1}{2}"$.
- Gather (120) H squares, (120) K squares, and (120) M rectangles. Using the SNF-FG method, make (120) H/K/M FG Units, sewing (60) FG Units with the H square on the left side and (60) FG Units with the H square on the right side. Pay attention to the placement of the K square, so that the stripes are all facing the same direction.

- Sew (2) mirrored H/K/M FG together as shown, then press. This double FG unit should measure $2\frac{1}{2}" \times 8\frac{1}{2}"$. Make (4) double H/K/M FG units.

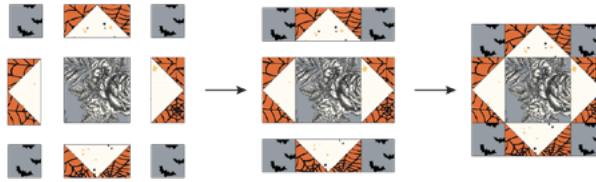

- Arrange (4) N squares, (4) double H/K/M FG units, and (1) center unit in (3) rows of (3) as shown. Sew together to form rows, then press. Sew the (3) rows together, then press. Block A should measure $12\frac{1}{2}" \times 12\frac{1}{2}"$.

- Repeat steps 5-7 to make a total of (15) Block A.

9. Arrange (4) B squares, (1) D square, and (4) I/L FGs in (3) rows of (3) as shown. Sew together to form rows, then press. Sew the (3) rows together, then press. This center unit should measure $8\frac{1}{2}" \times 8\frac{1}{2}"$.

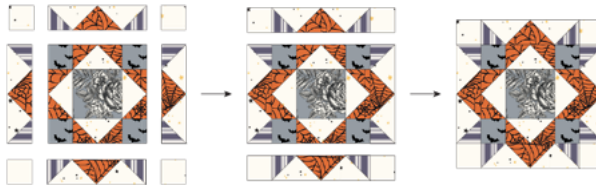

10. Sew (2) mirrored F/J/M FG together as shown, then press. This double FG unit should measure $2\frac{1}{2}" \times 8\frac{1}{2}"$. Make (4) double F/J/M FG units.

11. Arrange (4) N squares, (4) double F/J/M FG units, and (1) center unit in (3) rows of (3) as shown. Sew together to form rows, then press. Sew the (3) rows together, then press. Block B should measure $12\frac{1}{2}" \times 12\frac{1}{2}"$.

12. Repeat steps 9-11 to make a total of (15) Block B.

QUILT ASSEMBLY

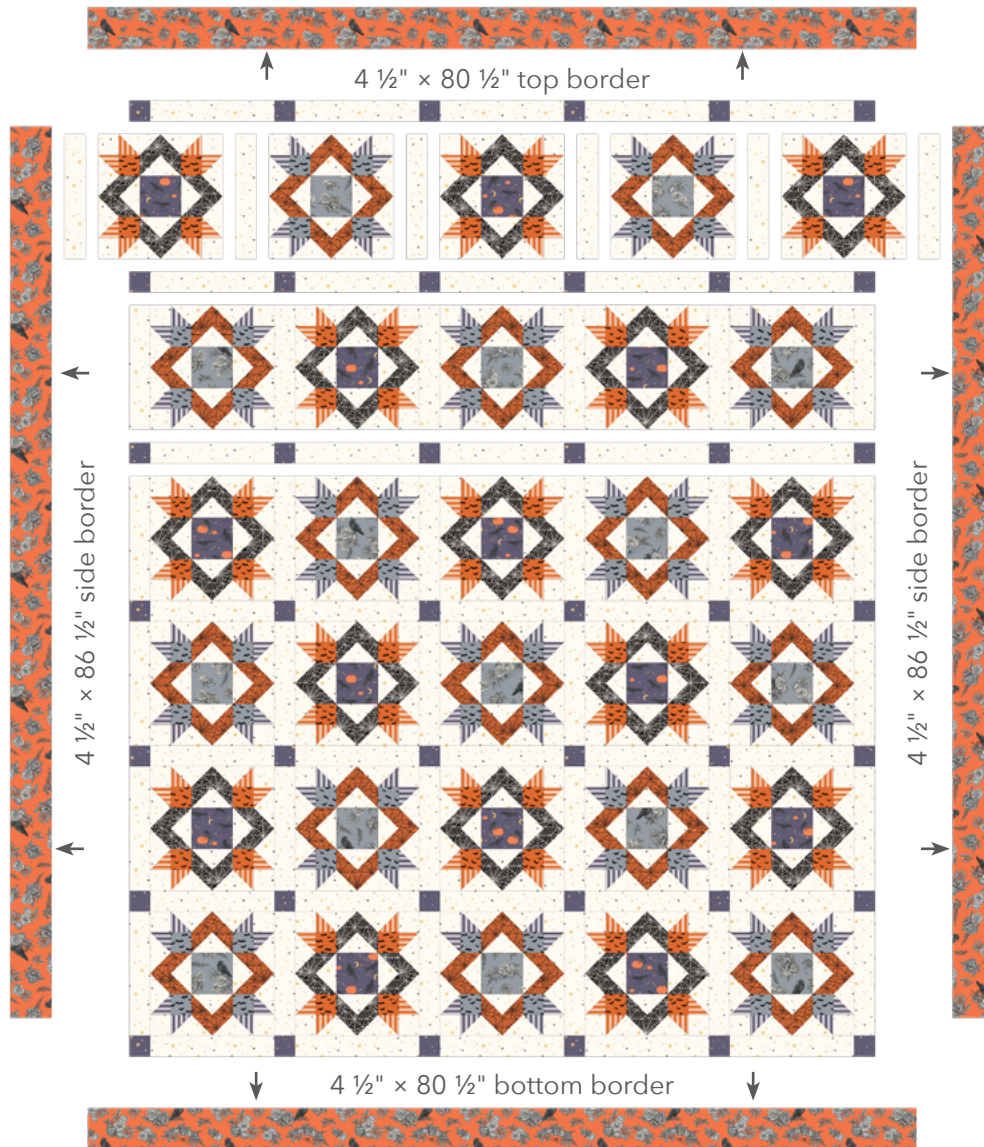

13. Arrange (6) A squares and (5) sashing strips in a row. Sew the row together, then press toward the squares. Make (7) horizontal sashing strips that each measure $2\frac{1}{2}" \times 72\frac{1}{2}"$.

BAT WING

14. Arrange (15) A Blocks, (15) B Blocks, (36) sashing strips, and (7) horizontal sashing strips rows as shown, alternating Block A and B across the arrangement. Sew the blocks and sashing strips together to form rows. Press toward the sashing strips. Sew the rows and horizontal sashing strips together to form the quilt center. The quilt center should measure $72\frac{1}{2}'' \times 86\frac{1}{2}''$ unfinished.
15. Attach the side borders. Press toward the borders. Then, attach the top and bottom borders. Press toward the borders to complete the quilt top. The quilt top should measure $80\frac{1}{2}'' \times 94\frac{1}{2}''$.
