

Quilt Label Template

by Fat Quarter Shop

A quilt is a work of art. Don't forget to sign it!

To make a handwritten quilt label, use a permanent fabric marking pen and a piece of white or light-colored quilting cotton.

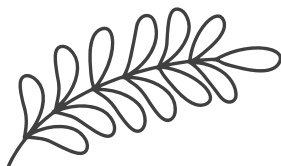

Place the fabric on top of this paper so that the grid lines below show through, and use the lines to guide your writing. Make sure not to write within the quarter-inch seam allowance.

For more embellishment, trace the drawings provided onto your label.
