GENERAL INSTRUCTIONS

Please check www.rileyblakedesigns.com/pattern-updates for any revisions before starting this project. This pattern requires a basic knowledge of quilting techniques and terminology. The quilt and block diagrams portrayed are virtual images. The layout and look of your project may differ when using actual fabric. It is not recommended to prewash fabric before cutting and assembling.

Always verify your panel size before beginning. If your panel measurements differ from those given in the pattern, trim to the desired size or use coping strips to alter the size of your panel. If coping strips are needed, add oversized, coordinating strips of fabric to the necessary edges of the panel, then trim to the size specified in the pattern.

WOF = Width of Fabric

RST = Right Sides Together

SNF = Stitch and Flip

Please refer to the following general sewing techniques as these methods are referenced throughout the pattern in their abbreviated form.

STITCH AND FLIP METHOD (SNF)

Place (2) pieces RST, matching raw edges in the corner to be replaced. Draw a diagonal line on the wrong side of the smaller piece across the corner. Stitch on the drawn line. Trim the seam allowance above the sewn line to ¼". Flip the small piece away from the bottom piece and press, replacing the corner. The size of the larger, original piece does not change.

STITCH AND FLIP FLYING GEESE (SNF-FG)

Draw a diagonal line, corner to corner, on the wrong side of (2) squares. Place (1) square in a corner of (1) rectangle, RST, matching raw edges in the corner to be replaced. Stitch on the drawn line. Trim the seam allowance above the sewn line to ¼". Flip the small piece away from the bottom piece and press, replacing the corner. Repeat with the second square.
