## QUILT ASSEMBLY

1. Arrange (30) **A**-squares and (1) **B**-strip as shown below. Sew the squares together in each row. Next, sew the rows together to make the quilt top.

## ADD APPLIQUÉ

2. Roughly cut fusible web to the size of (1) panel motif. Place and center the fusible web textured side down on the wrong side of the Fisher-Price™ Softie Panel so that it covers the motif of your choice. Fuse in place following the manufacturer's instructions. Once cool, cut out the shape on the outside lines. Repeat to cut out (4) panel motifs.

3. Remove the paper backing and fuse the (4) prepared panel motifs onto the **B**-strip of the quilt top following the manufacturer's instructions. Once fused, hand or machine stitch using a straight or small zigzag stitch around the edges of the appliquéd pieces in your choice of matching, contrasting, or invisible thread.

## FINISHING INSTRUCTIONS

4. Layer the quilt top, batting, and backing. Baste the quilt layers together and quilt as desired. Sew the Navy Confetti binding strips together end-to-end. Then bind the trimmed, finished quilt using your favorite binding method.
