# Scalloped Hand Towel

## Supply List:

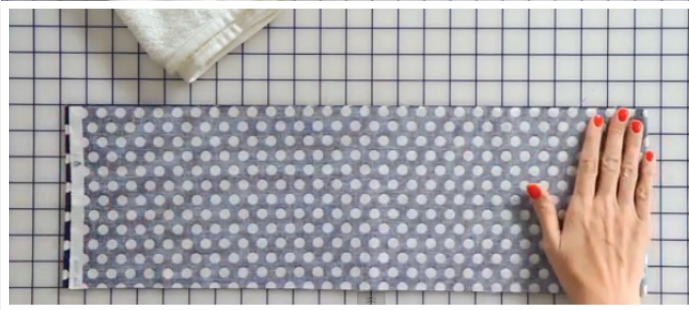

- 1/4 yard Scallop Fabric
- 1/4 yard Binding and Accent Fabric
- 1" Quick Points Scallop Ruler
- 1" Quick Points Pusher
- Jillily Studio Appli-Glue
- One standard hand towel

## Scalloped Edge:

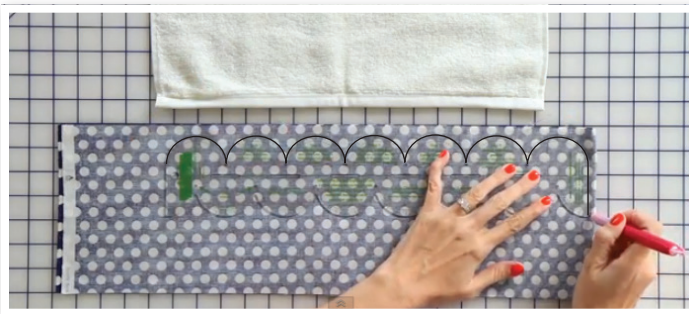

Trim the Scallop Fabric into one 7" x Width of Fabric strip.

Fold the 7" x Width of Fabric Scallop Strip in half with right sides facing.

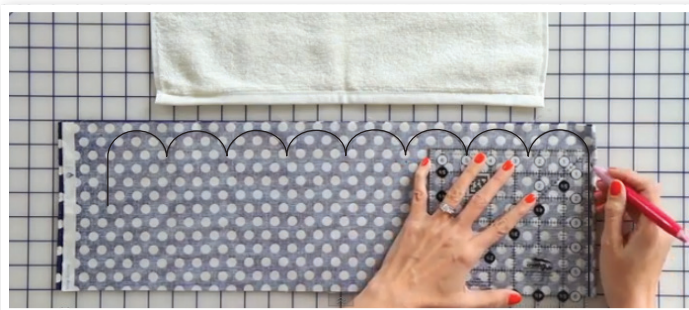

Folded Scallop Strip should measure 7" x 22".

Using the Quick Points 1" Scallop Ruler trace the scallop border on one edge of the ruler approximately 19" across the width of the Folded Scallop Strip.

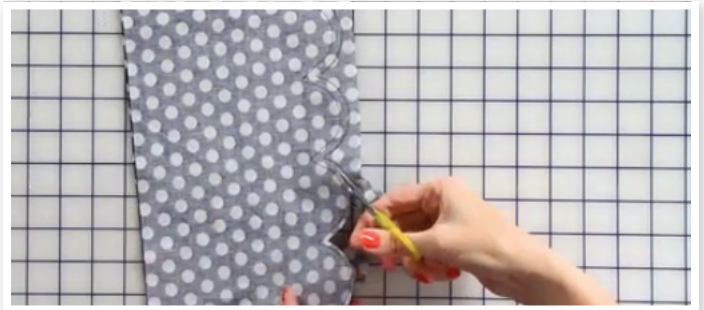

Draw a line from the edge of the scallop to the end of the Folded Scallop Strip.

Using a 2.0 stitch length sew 1/4" away from the drawn line using matching thread.

Using small scissors trim in between the drawn line and stitch line.

At each point cut to the point but not through the point.

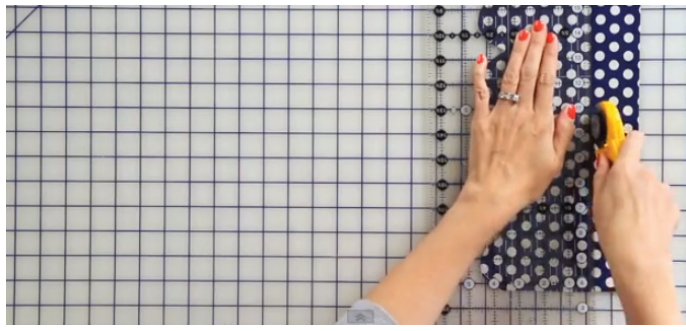

Turn right sides out and finger press. Then use the Quick Points 1" Scallop Pusher to iron each scallop. Leave the Scallop Pusher inside the fabric and iron on top to form the scallop shape.

# Scalloped Hand Towel

Trim the Scallop Edge Unit 4 1/2" away from the scallop.

## Binding and Accent Strip:

Cut the Binding and Accent Fabric into three 2" x Width of Fabric strips.

For the binding piece two 2" x Width of Fabric strips end to end on the diagonal.

Keep the remaining strip for the Accent Strip.

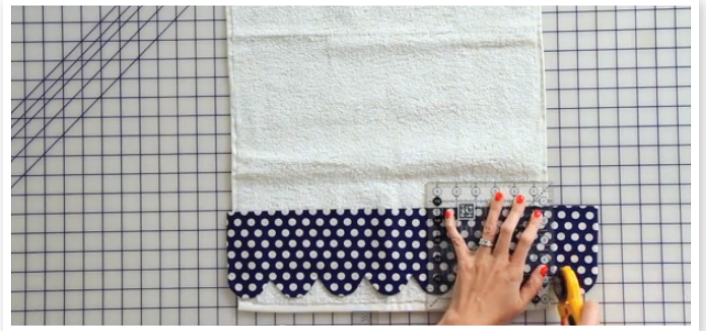

Fold each long edge of the 2" strips in toward the center of the strip to make 1" finished bias tape. You can also use the 1" bias tape tip on the Simplicity Bias Tape Maker.

## Assemble the Hand Towel:

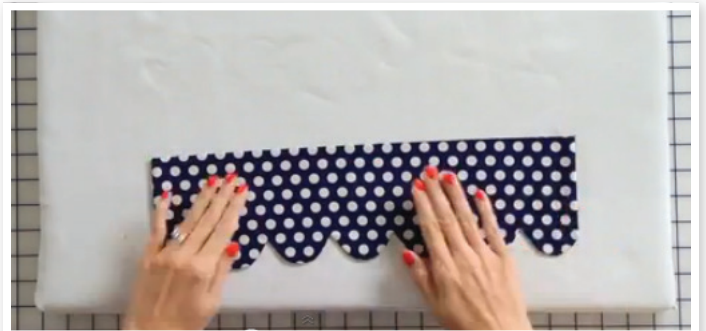

Lay the Scallop Edge Unit on the Hand Towel. Cut 1/4" away from the left and right edge of the Hand Towel.

Flip the Scallop Edge Unit with right sides facing and sew the sides together using a 1/4" seam. Backstitch at beginning and end.

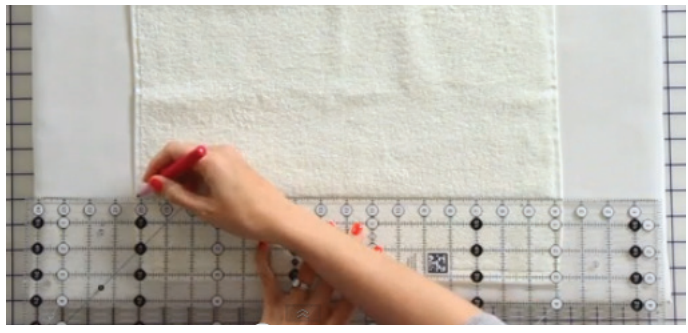

Flip Finished Scallop Edge Unit with right sides out.

# Scalloped Hand Towel

Draw a line on the towel 3 1/4" from bottom.

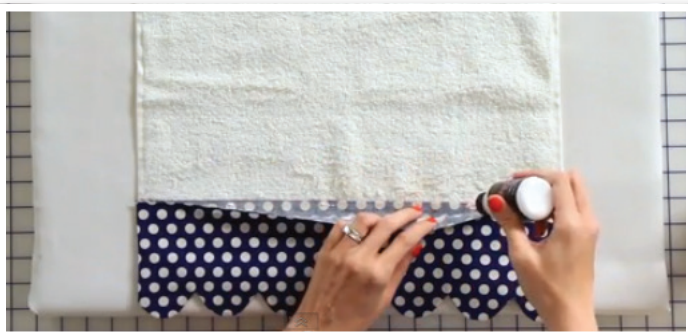

Use a thin line of glue right below the drawn line.

Glue the Finished Scallop Edge to the Hand Towel right below the drawn line. Iron the Finished Scallop Edge in place.

Glue between the two layers of the Finished Scallop Edge to keep it in place.

Glue the Binding Strip around the Hand Towel starting 1/8" below the top of the Finished Scallop Edge. Glue on the front and back.

Miter binding at each corner.

Cut 1/8" below the top of the Finished Scallop Edge.

Lay the Accent Strip on the Hand Towel overlapping the edge of the Finished Scallop Edge. Glue together. Press in place.

# Scalloped Hand Towel

Use three pins on the front of the Accent Strip to use as a guide for the back of the strip.

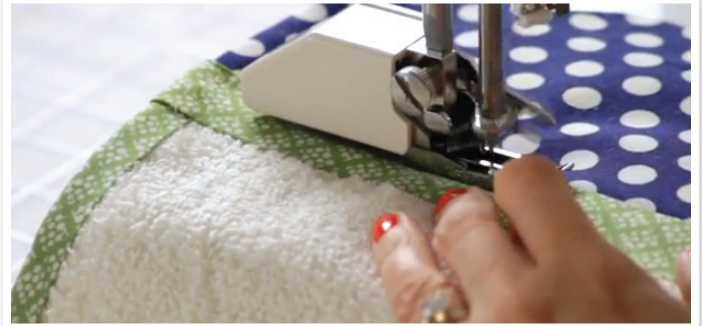

On the back of the towel line up the Accent Strip using pins as a guide.

Fold the edges of the Accent Strip under to hide the raw edge.

Sew the Accent Strip 1/4" away from the edge using a walking foot, 2.5 stitch length and matching thread.

Sew the Binding Strip to the Hand Towel using a walking foot, 2.5 stitch length and matching thread.
