Now, we will start building the blocks with the strips sets previously made.

Block a:

- Join one (1) SS1, (1) one SS2, one (1) SS3, one (1) SS4. See diagram 10 for reference.

DIAGRAM 10

- Take four (4) 21" x 1" strip from fabric **N** and sew one (1) strip to the top of the **block a**, one (1) strip to right side of **block a**, one (1) strip to the left side of the **block a**, and one (1) strip at the bottom of the **block a**. Repeat the same steps in all sixteen (16) **blocks a**.
- See diagram 11 for reference.

DIAGRAM 11

- Finish trimming, you should have sixteen units.

DIAGRAM 12

Block b:

- Join one (1)SS5, one (1) SS6, one (1) SS7, one (1) SS8. See diagram 13 for reference.

DIAGRAM 13

- Take four (4) 21" x 1" strip from fabric **N** and sew one (1) strip to the top of the **block b**, one (1) strip to right side of **block b**, one (1) strip to the left side of the **block b**, and one (1) strip at the bottom of the **block b**. Repeat the same steps in all eight (8) **blocks b**.
- See diagram 11 for reference.

DIAGRAM 15

- Take four (4) 25" squares from fabric **N** and cut them diagonally to get eight (8) 25" half square triangles.
- Repeat the same step with eight (8) 20" squares from fabric **N**. to get sixteen (16) 20" half square triangles. See diagram below.

DIAGRAM 16

Block 1

- Take two (2) 20" triangles from fabric **N** and attach them to **block a**, as shown on diagram 17. This will be unit **A**. Set aside.
- Repeat this step 7 more times.

- See diagram 24 for reference.

Fabric N cutting instructions

- Arrange your pieces from fabric **N** as shown on diagram below.

DIAGRAM 25

QUILT ASSEMBLY

Sew rights sides together.

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

BINDING

Sew rights sides together.

- Cut enough strips $1\frac{1}{2}$ " wide by the width of the fabric **I** to make a final strip 402" long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5" tail. Sew with $\frac{1}{4}$ " seam allowance (using straight stitch), aligning the strip's raw edge with the quilt top's raw edge.
- Stop stitching $\frac{1}{4}$ " before the edge of the quilt (DIAGRAM B 1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at $\frac{1}{4}$ " of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to $\frac{1}{4}$ " and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
